### CAP Officer Basic Course (OBC) Release

The CAP Officer Basic Course is being moved from its current location to the newly developed CAP Learning Management System (LMS). This change affects only future OBC students (those members working on the Officer Basic Course should continue the course through the Blackboard system). The LMS will provide CAP with an internal learning platform that provides world-class education and training to cadets and members.

The Officer Basic Course is a Senior member course required for attainment of a member's level II completion.

The LMS and Officer Basic Course can be accessed on 20 August 2012 by logging into eServices and clicking on the "Learning Management System" tab under the "CAP Utilities" heading on the left side of the eServices home page. Once in LMS, click on the "Officer Basic Course Block 1" under the "Professional Development" heading. This will take you to the first block of instruction for the Officer Basic Course. You will not be able to access the LMS until 20 August 2012.

Thanks for your patience and understanding. We believe this is a great leap forward and will serve CAP extremely well. Please forward any questions or problems concerning the LMS or Officer Basic Course via email to [lms@capnhq.gov](mailto:lms@capnhq.gov).
